

# YES on A

## A Solution for Homelessness

**VOTE this November with a YES on Measure A!**  
Help solve homelessness and  
keep San Diego affordable for all.

### Your YES Vote on Measure A will:

-  Create homes for local children and their families at risk of becoming homeless, or living in cars, shelters, or on the streets.
-  Provide homes for San Diegans who have lived on the street for months or even years, where they can get supportive services, job training, and treatment.
-  Ensure more people can afford to pay their rent and still have enough money for basics like food, transportation, and childcare.

Yes on Measure A creates enough affordable homes so that those living through homelessness could have access to a home. It also provides thousands of affordable homes for lower income families, workers, seniors, and people living with disabilities.

Election Day is November 3rd! Visit [www.sdvote.com](http://www.sdvote.com) to **REGISTER TO VOTE** and learn more about the upcoming election.
